(Detailed information pertaining to COA reviews is available through the Building Department and the CHLC)

A. COA APPLICATIONS FOR COMMISSION REVIEW
# 31.15

• 507 Laurens Court
  Owner: Michael and Laurel Simmons
  Project Description: Replacement of the back addition with new, like-sized addition with a screen porch on the side.

• Presentation of Project
  Mr. Simmons presented the project. The back addition will be rebuilt in the same shape as the old addition, but shifted slightly. He proposed that the new addition uses fiber cement siding, not brick. Based on the setback, angle, and tree screening it is possible that the addition will not be visible from the street. It will somewhat disappear into the landscape, it will be painted Muslin Bolt. Mr. Simmons confirmed that it will only be one story. The new roof will be pitched, will have the same material as the existing roof, and will be lower than the existing roof.
• Motion
Commissioner Wylie made a motion, seconded by Commissioner Cox, followed by discussion, voted to approve the COA #31.15 – 507 Laurens Court – with the following modifications and recommendations: build the addition with Hardie Plank siding painted Muslin Bolt with a pitched roof that matches the existing roof. The motion carried unanimously.
