

Citizens Planning College 2016 Application for Participants

Citizens Planning College is a program that teaches the “ins and outs” of city planning, specifically as it pertains to Camden, SC. Each class is devoted to topics taught by Camden’s Planning Staff and/or a special guest speaker that specializes in the area of study. Topic areas include, but are not limited to, comprehensive planning, zoning, transportation planning, and floodplain management.

As a continuation of Citizens Planning College, the City of Camden is pleased to announce the 2nd annual *Citizens Planning College: Historic Preservation Edition*. This course will provide an introduction to the concept of historic preservation and how it is applied at the national, state and local levels. Classes will include a discussion of the new Camden Design Guidelines and how they are applied by staff and the Historic Landmarks Commission.

Certificates of Achievement will be awarded to each of the graduates after the program is completed. This thorough, interactive, study program is offered at no cost to the participants.

Both classes will be held on
Thursdays from 5:30 pm to 7:00 pm in the
Training Room at Camden City Hall
